

Goalkeeper **Chris Kiely** has agreed terms on severance of his contract and has now left the club. Manager Paul Holleran stated, *'Chris approached the club several weeks ago requesting to leave and after much thought I made the decision last week to grant him his wish. If a player is not happy with his position then it is usually best for both player and club to reach agreement on a parting of the ways.'*

Kiely played a significant part in the Brakes Championship winning team last season when he replaced the injured Richard Morris in goal for the last 10 weeks. Former manager Jason Cadden signed him as his No.1 choice for this first season in the Southern Premier League. Everyone from Leamington FC wishes Chris well for the future and thanks him for his efforts for the team and club.
